# PERFIDY OF ZION

## **PROLOGUE**

"This world-wide conspiracy for the overthrow of civilisation and for the reconstitution of society on the basis of arrested development, of envious malevolence, and impossible equality, has been steadily growing . . . . . There is no need to exaggerate the part played in the creation of Bolshevism and in the actual bringing about of the Russian Revolution by these international and for the most part atheistical Jews. It is certainly a very great one and it probably outweighs all others."

- Winston Churchill, Illustrated Sunday Herald, (February 8, 1920)

# **INTRODUCTION**

"There is only one power which really counts. The power of political pressure. We Jews are the most powerful people on earth, because we have this power, and we know how to apply it."

- Jewish Daily Bulletin (July 27, 1935)

# PART 1 USS LIBERTY

"Israel purposely and deliberately attacked the U.S.S. Liberty"

- Dean Rusk, former U.S. Secretary of State

#### - USS LIBERTY -

On June 8th, 1967, around 2:00 pm, Israeli fighter jets attacked the clearly identified and unarmed reconnaissance ship USS *Liberty* with rockets and cannon fire while it sailed in international waters north of the Sinai Peninsula. It was a clear day and the ship was flying a large American flag so there was no chance of its identity being mistaken. Furthermore, the Israelis had been surveilling *Liberty* all morning, repeatedly flying over at low altitudes and photographing the ship and her crew. Audio recordings of Israeli communications made that day prove they were fully aware of the situation

**Pilot**: "This is an American ship. I can see the flag. Do you still want us to attack?"

**Ground Control:** "Yes, follow orders. Hit it!...Finish the job."

Once the jets had finished their initial bombardment, America's 'greatest ally' dropped napalm bombs on deck and sent in torpedo boats hoping to deliver the death blow to the doomed vessel. Five torpedoes were fired, one of which struck the ship at the waterline killing 25 sailors below deck. Exhibiting their notorious disregard for international law, the Israelis jammed the ship's radio communications and machine-gunned the life rafts as crewmen onboard the *Liberty* attempted to escape the flagitious onslaught. When it was finally over, 34 US servicemen lay dead with 172 more wounded, in what was the worst loss of American naval personnel since World War II.

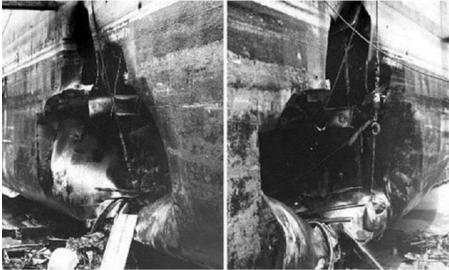

U.S. President Lyndon Johnson twice re-called U.S. fighter jets deployed to help the besieged USS Liberty

Israel perpetrated the attack with the intent to sink the ship and blame it on Gamal Nasser's Egypt, hoping to facilitate American engagement in Israel's conflict with the Arab state. It was a classic false-flag operation — a *casus belli* — that calls to mind what Mossad agent Victor Ostrovsky said was the motto of the agency: "Through deception, thou shalt do war."

Unfortunately for Israel, the *Liberty*, although very badly damaged, managed to stay afloat and its courageous crew was able to rig up an antennae, transmit a distress signal identifying the attackers and request help from the Mediterranean Sixth Fleet; all while dodging bullets, tending to the wounded and fighting napalm fires on deck. These heroic actions, performed under considerable duress, prevented the Zionist state from being able to blame the attack on Egypt as intended and likely saved American soldiers from being sent off to fight and die in Israel's war (something they have been doing continuously since 2001).

Being caught red-handed failed to produce anything resembling an appropriate American response and Israel merely chalked it up as a simple case of mistaken identity, made a few payoffs, and all was forgiven and forgotten by most who were not victims of the murderous assault. Congress has never opened an investigation.

#### The Aftermath

'It was one of the classic American cover-ups....Why would our government put Israel's interests ahead of our own?' – Joint Chiefs of Staff Admiral Thomas Moorer

The aftermath of the attack was plagued by government cover-up and media silence that continues to this day.

William McGonagle, the Liberty's commanding officer, won the Congressional Medal of Honor for his heroism, yet the *Washington Post* ran no story about it and President Johnson (an active participant in the cover-up who twice re-called U.S. fighter jets deployed to help the besieged *Liberty*) not only didn't allow the ceremony to take place at the White House, he didn't even show up to present the award! The gutless

traitor Johnson went so far as to call the Israelis beforehand to make sure they didn't have a problem with the award being given and the award didn't even identify Israel as the attacker! U.S. Naval Officer Lt. James Ennes Jr., a survivor of the attack, later wrote a book about it called Assault on the Liberty, in which he exposed in great detail how the attack was obviously premeditated and designed to sink the ship while killing everyone on board. Israel responded by saying that Ennes was anti-Semitic!

Although this unwarranted attack could easily have been seen as a provocation for war, not a single thing was done about it by the American government. In fact, the exorbitant amounts of money allocated to Israel subsequently skyrocketed to outrageous levels and continues to do so to this day. In 2022, American taxpayers are on the hook to Israel for over \$10 million every day! What do we have to show for it?

#### **Decades of Treachery**

"Israeli spies have done more harm and have damaged the United States more than the intelligence agents of all other countries on earth combined....They are the gravest threat to our national security." – Admiral Bobby Inman, Fmr. Deputy Director of the CIA

The attack on the *Liberty* isn't an isolated incident of Israeli treachery. On the contrary, 'little Israel' has made a habit of thumbing its nose at the big, bad American behemoth. Consider the following:

- \* In 2005, Israel's President Moshe Katsav officially honored the surviving agents of the 'Lavon Affair' who were tasked with blowing up American and British institutions (cinemas, schools, libraries, post offices, etc.) in Egypt in the 1950's with the intention of blaming it on the Muslim Brotherhood and associated Egyptian groups. President Katsav awarded the agents with certificates of appreciation for their murderous deeds.
- \* In December of 2020, Jonathan Pollard, one of the most damaging spies ever to betray America, landed safely in Israel after serving 30 years of a life sentence for spying on America at the behest of the Zionist state. He was transported to Israel on Sheldon Adelson's private jet and was afforded a hero's welcome upon his return where he was greeted on the tarmac by an elated Benjamin Netanyahu¹ who told the spy "Welcome home."

Once safe inside Israel, the impenitent Pollard did an interview with the newspaper *Israel Hayom* (Mar. 25, 2021) in which he extolled the virtues of his dual loyalty and excoriated American Jews who may actually be devoted to the country in which they live: "American Jews have one major problem: they consider themselves more American than they do Jews....If you don't like the accusation of double loyalty, then go the fuck home. It's as simple as that...The bottom line on this charge of dual loyalty is, I'm sorry, we're Jews, and if we're Jews, we will always have dual loyalty."

<sup>&</sup>lt;sup>1</sup> As it turns out, Netanyahu had been working on Pollard's homecoming for many years. In 2014, the *Times of Israel* reported that Netanyahu had attempted to blackmail Bill Clinton into releasing the incarcerated Israeli spy using tape recordings of the U.S. President's steamy phone conversations with his Jewish paramore, Monica Lewinsky, as leverage. ('Netanyahu Said to Have Offered Lewinsky Tapes for Pollard,' *Times of Israel*, July 23, 2014)

Israeli Prime Minister Benjamin Netanyahu greets convicted spy Jonathan Pollard after Pollard's release from U.S. prison

\* On multiple occasions Israeli agents have been caught stealing nuclear materials from America for use in Israel's secret and illegal nuclear program. In 1968, Mossad super-agent Rafi Eitan stole over 300 kg of highly-enriched uranium from the NUMEC plant in Apollo, Pennsylvania while posing as a chemist. He was assisted in the heist by NUMEC's owner Zalman Shapiro and Abraham Bendor (whose name will come up again shortly). When Eitan died in 2019, the *New York Times* mentioned his treachery in an obituary: "He was also suspected of being involved in the late-1960's disappearance of at least 100 pounds of highly enriched uranium from a nuclear fuel plant in the Pittsburgh area; many believed that the uranium was diverted to Israel to help its atomic bomb program."

\* In the 1980's, Eitan and billionaire Hollywood mogul Arnon Milchan collaborated on an operation involving the smuggling of 800 high-powered gas-filled switches called krytrons from America to Israel to be used for the development of nuclear triggers. The krytrons were purchased from American company EG&G by Milchan's front company, MILCO International Inc., and illegally diverted to another company he owned in Israel called Heli-Trading Ltd. which was connected to Israel's Ministry of Defense. Though up to his eyes in the intrigue, Milchan would evade justice and later publicly boast about his exploits to Britain's *Daily Mail* (Nov. 22, 2013). Robert Windren of NBC News reported in July of 2001 that "the unwillingness of Israeli officials to cooperate with U.S. investigators on the case, left federal authorities unable to proceed." (Benjamin Netanyahu was an employee of Milchan's Heli-Trading at the time.)

\* In 1983, a large Mercedes truck packed with explosives rolled into the U.S. Marine barracks located in Beirut International Airport and detonated, killing 241 Marines. In his book *By Way of Deception*, former Mossad operative Victor Ostrovsky tells how Nahum Admoni, Mossad's director at the time, knew very specific details of the bomb plot before it happened, *including the exact time and place of detonation*, but chose only to pass vague information to the Americans that would be useless in preventing it. Israeli journalist Ronen Bergman reveals in his 2018 best-selling book *Rise and Kill First: The Secret History of Israel's Targeted Assassinations* that Israel's Chief of Staff Rafael Eitan conducted numerous false-flag

atrocities in Lebanon using car and truck bombs during this exact period as head of a group called Front for the Liberation of Lebanon from Foreigners: "The aim was to cause chaos...in Lebanon, without leaving an Israeli fingerprint..."

\* Israel is well-known for spying on America. In a 2014 article for *Newsweek*, journalist Jeff Stein wrote: "American counter-intelligence officials told members of the House Judiciary and Foreign Affairs committees at the end of January that Israel's current espionage activities in America are 'unrivaled and unseemly,' going far beyond the activities of other close allies." As recently as 2019 Israel was caught spying on the Trump White House using electronic devices known as 'StingRays.' A Washington report on the matter disclosed that Israel had wiretapped the White House and other highly secured areas in Washington DC. According to three U.S. officials interviewed for the report, the StingRays were used to spy on President Trump and his closest aides.

\* In the spring of 2003, Israel murdered 23-year old U.S. citizen Rachel Corrie while she protested the destruction of Palestinian homes at the Rafah refugee camp. Rachel, a native of Washington State, was repeatedly run over by an armored Caterpillar D9 bulldozer operated by a soldier of the Israeli Defense Forces (IDF). An Israeli court exonerated the military and ruled that what had happened was an accident for which Rachel herself was responsible. They even accused her of 'protecting terrorists,' although the home she died protecting was that of a Palestinian medical doctor. Predictably, the pathetic U.S. government kept silent about the shameful affair and Israeli troops have since gone on to murder U.S. citizens Furkan Dogan (2010) and Catholic journalist Shireen Akleh (2022). The response from the perpetually outraged international community? *Zilch*. [See Appendix II]

None of this should come as a surprise. Israel is a nation founded on terrorism. In 1974, journalist Russell Warren Howe interviewed Menachem Begin and asked him how it felt to be known as the father of terrorism in the Middle East. Begin abruptly replied, "In the Middle East? In all the world!" (Menachem Begin to Russell Warren Howe, January 1974, *Washington Report on Middle East Affairs*, March 2009.)

Menachem Begin was head of the Irgun when the group bombed the King David Hotel -- Britain's administrative headquarters -- in 1946 while disguised as Arabs. 91 people were killed. Nevertheless, the self-proclaimed 'father of world terrorism' would go on to become prime minister and win a Nobel Peace Prize in 1978. (Benjamin Netanyahu caused a stir when he attended a two-day anniversary *celebration* of the bombing with former members of the Irgun in 2006 while he was prime minister. The Irgun terror organization was a forerunner to Netanyahu's Likud party.)

Which brings us back to the USS *Liberty*.

The events retailed above put paid to the lie that the attack on the USS *Liberty* was somehow an accident. To suggest otherwise betrays a profound lack of understanding about America's 'special ally' in the Middle East. Why doesn't anybody in our government or media have the guts to stand up and call out Israel for its treachery? Conservative pundits have no qualms about criticizing any government in the world, including their own, but whenever *any* criticism is directed towards Israel these 1A-thumpers instantly shape-shift into the irrational liberals they claim to oppose, shamefully resorting to hackneyed pejoratives like 'anti-Semite' and 'hate speech' to stifle debate. This is intolerable and goes against everything America stands for. It's up to us to do the job that our politicians and media refuse to do. As stated earlier, due to AIPAC dollars and sophisticated blackmail operations like those conducted by

Jeffrey Epstein and Ghislaine Maxwell, it would be foolish to expect any revelations of Israeli perfidy to suddenly emanate from Washington or the MSM. We the People must uphold and defend our cherished American values by speaking truth to power and spreading information with our fellow countrymen no matter how unpopular it may be. Truth doesn't fear scrutiny, nor can it be hateful. Those who claim otherwise are agents of paralysis obstructing the advancement of human understanding. It's the duty of freedom-loving patriots to pursue the truth wherever it leads. We owe it to ourselves, our country, and to all the forgotten victims of state-sanctioned terror, particularly the three-hundred heroes aboard the USS *Liberty* on June 8, 1967 and the nearly three-thousand Americans killed on September 11, 2001.

# PART 2 9/11

"In per capita terms Jews were the greatest mass-murderers of the twentieth century, holding that unfortunate distinction by an enormous margin and with no other nationality coming even remotely close. And yet, by the astonishing alchemy of Hollywood, the greatest killers of the last one hundred years have somehow been transmuted into being seen as the greatest victims, a transformation so seemingly implausible that future generations will surely be left gasping in awe."

- Jewish scholar Ron Unz, Reason Magazine and Holocaust Denial (Aug. 27, 2018)

#### - 9/11 -

September 11, 2001 was the most tragic day in America's history. Aside from the nearly 3,000 innocent men, women and children who lost their lives, it was the day a *coup d' etat* took place and a hostile foreign nation gained complete control over a global Superpower's foreign policy. The stunning attacks were perpetrated with the aim of deceiving Americans into supporting a war agenda entirely contrary to their national interests. The result of this 'war on terror' has been devastating for America; trillions of dollars have been squandered and so many of our bravest and best have been killed, maimed or had their minds forever destroyed. Neither America nor the Arab world has benefited one iota from the events of 9/11. In fact, there is but one nation that has benefited from the attacks in New York and Washington on that fateful morning: Israel.

#### Cui Bono?

"We are benefiting from one thing, and that is the attack on the Twin Towers and Pentagon, and the American struggle in Iraq." -- Benjamin Netanyahu, 'Netanyahu says 9-11 attacks good for Israel,' *Haaretz* (April 16, 2008)

When an act of terror like 9/11 occurs the question that always needs to be asked is *cui bono*? Who benefits? The reason it's such a vital question is because history has taught us 'he who benefits from a crime is likely he who committed it.' On the day of 9/11, when as many as 20,000 - 30,000 people were thought to be dead, a surprisingly upbeat Benjamin Netanyahu was interviewed by reporter James Bennett of the *New York Times*: "Asked tonight what the attack meant for relations between the United States and Israel, Benjamin Netanyahu, the former prime minister, replied, 'It's very good.' Then he edited himself: 'Well, not very good, but it will generate immediate sympathy.'" (A Day of Terror: The Israelis; Spilled Blood is Seen as Bond That Draws Two Nations Closer," *New York Times*, Sept. 12, 2001.)

Now ask yourself, who in their right mind would describe *what had just happened* as "very good" for any reason whatsoever? Answer: Only someone who saw some benefit in the atrocity. Netanyahu's candid statements quoted above, delivered seven years apart, inform us that 9/11 has undoubtedly been beneficial for Israel. If, therefore, we were to develop a thesis of Israeli involvement in the events of 9/11 we should expect to find Israeli agents fundamentally involved in all key areas necessary for perpetrating the attacks and covering their tracks afterwards. Unsurprisingly, that's *exactly* what the sleuth finds when dissecting the 9/11 saga.

**Note:** One-time Dean of the Lauder School, Ehud Sprinzak, was quoted by Israel's *Maariv* newspaper the *day after the attacks* saying, "The dreadful attack works in our favor in terms of public relations. From the perspective of the Jews it is the most important public-relations act ever committed in our favor. The

pictures are terrible, and they are better than a thousand ambassadors trying to explain how dangerous Islamic terrorism is." Sprinzak wasn't the only Jew thinking along these lines. At 5pm *on the very day of the attacks*, George Friedman wrote an article for his geopolitical website STRATFOR in which he stated, "The big winner today, intended or not, is the state of Israel." Even more shocking, an article in *Haaretz* published on December 18, 2001 by Aluf Benn referred to the attacks as "A Kind of Hanukkah Miracle for Israel." The article quotes Israel's National Security Advisor, General Uzi Dayan, and Mossad chief, Ephraim Halevy, as having both made the tasteless analogy at the 2001 Herzliya Conference.

#### Israeli Foresight

"It is 100% certain that 9/11 was a Mossad operation. Period." -- Dr. Alan Sabrosky, former Director of Strategic Studies at the U.S. Army War College (March 14, 2010 radio interview with Mark Glenn)

One of the earliest signs of Israeli foreknowledge of the attacks came in 1979 in the form of an interview conducted by Jewish-American journalist Michael Evans with the founder of the Mossad, Isser Harel. As Evans recalled to the *Jerusalem Post* (September 30, 2001): "I sat with former Mossad chief Isser Harel for a conversation about Arab terrorism. As he handed me a cup of hot tea and a plate of cookies, I asked him, 'Do you think terrorism will come to America, and if so, where and why?' Harel looked at his American visitor and replied, 'I fear it will come to you in America. America has the power but not the will, to fight terrorism...' As to the where, Harel continued, 'New York City is the symbol of freedom and capitalism. It's likely they will strike the Empire State Building, your tallest building [he mistakenly thought] and a symbol of your power.' ... Twenty-one years later, the first part of Harel's prediction came true; except, of course, that the Twin Towers of the World Trade Center were much taller than the Empire State Building."

There are multiple clues which indicate the late 1970's may have been the years planning began in earnest for 9/11. Menachem 'father of world terrorism' Begin had come to power in 1977. His newly formed Likud coalition was comprised largely of members of underground Zionist terror groups the Irgun and Haganah, both of which were involved in the bombing of the King David Hotel in 1946 and the horrific massacre at Deir Yassin in 1948. [See Appendix II]

In 1979, Begin headed a committee that organized the Jerusalem Conference on International Terrorism, a three-day event intended to "launch an international propaganda offensive to promote and exploit the issue of international terrorism," as Philip Paull explains in his 1982 book, *International Terrorism: The Propaganda War*. The event was held at the Jonathan Institute -- founded by Benjamin Netanyahu and his father Benzion -- and its purpose was to bring western political leaders together to discuss international terrorism and the possibility of bringing America's military into the Middle East to wage a war on terror. The elder Netanyhau (born Mileikowsky) said in his opening address, "This conference was called to serve as a beginning of a new process -- the purpose of rallying democracies of the world to a struggle against terrorism and the dangers it represents." (The revolting *shabbos goy*, George H.W. Bush, spoke on the last day of the conference.)

From that point on, the western media dutifully disseminated the propaganda of the Jerusalem Conference and Benjamin Netanyahu would produce a number of books, articles and speeches throughout the 1980's and 90's promoting the doctrine of a global War on Terror. As Philip Paull wrote in 1982, "This 'anti-terrorist' propaganda campaign was and is being conducted in a style reminiscent of war-time

'psychological warfare' by journalists serving as conduits and spreaders of misinformation originating in Jerusalem."

**Note:** Interestingly, in 1978 senior Mossad operative Arnon Milchan produced a movie called *The Medusa Touch*, in which the climactic scene is of a large airliner being flown remotely into the Pan Am building in New York City and exploding in a ball of fire. Similarly, in March 2001, Milchan's business partner, Rupert Murdoch, produced the pilot episode of *The Lone Gunmen*, in which a large passenger aircraft was hijacked via remote control with the intention of flying it into the World Trade Center. Similar instances of 9/11 ideation abound in media productions, often created by Israelis, such as a 1994 episode of the Iron Man television series titled 'The Grim Reaper Wears an Iron Coat,' created by Ari Arad and Stan Lee (real name Lieber); and Terminator 2 filmed by the Israeli Adam Greenberg.

#### The Yinon Plan

"The Yinon Plan represents the accurate and detailed plan of the present Zionist regime...for the Middle East which is based on the division of the whole area into small states, and the dissolution of *all* the existing Arab states." -- Israel Shahak, *The Zionist Plan for the Middle East* (1982)

Many Americans still believe the War on Terror was launched in response to the 9/11 attacks. The fact is, however, the War on Terror is an Israeli war stratagem conceived many years before 2001 and the terror attacks in NYC and Washington D.C. were but the excuse to make the war agenda operational. For decades Israeli leaders had sought to drag America into the Middle East to militarily destabilize nations that pose a threat to Israel's hegemony of the oil-rich region.

In February 1982, the World Zionist Organization published 'The Yinon Plan: A Strategy for Israel in the Nineteen Eighties.' The document was published in Hebrew but was later translated into English by the eminent professor Israel Shahak of Hebrew University. It was written by military strategist Oded Yinon and detailed a plan to break up large Arab nations like Iraq and Syria and transform them into tiny ethnic statelets that would be incapable of defending themselves against Israel's superior military might. Yinon wrote: "The dissolution of Syria and Iraq later on into ethnically or religiously unique areas...is Israel's primary target on the Eastern front in the long run, while the dissolution of the military power of those states serves as the primary short term target." Yinon's vision for Iraq came to fruition following the illegal American invasion -- launched on the Jewish revenge holiday Purim -- in 2003. Almost immediately, America's conquering forces disbanded Iraq's military and the entire country soon descended into civil war between competing factions of Sunnis, Shiites and Kurds. Prior to the invasion, Iraq had been an impediment to Israeli domination of the Middle East, which is precisely why the Jews in control of America's foreign policy selected it for annihilation. And, as an added bonus, there were the financial spoils of war to acquire as well. Oded Yinon: "Iraq, rich in oil on the one hand...is guaranteed as a candidate for Israel's targets. Its dissolution is even more important for us than that of Syria."

What Yinon describes is the *Eretz Yisrael* (Greater Israel) project that Americans have been fighting and dying for since 2001. America's military is not fighting terrorism; it is reorganizing the Middle East to conform with Israel's whims. This reckless pursuit has bankrupted America morally and financially and has destroyed the erstwhile Superpower's standing on the world stage. As noted Middle East expert Linda

S. Heard wrote in an article for *Counterpunch* (April 26, 2006), "Oded Yinon's 1982 'Zionist Plan for the Middle East' is in large part taking shape. Is this pure coincidence? Was Yinon a gifted psychic? Perhaps! Alternatively, we in the West are victims of a long-held agenda not of our making and without doubt not in our interest."

#### **PNAC**

"The historical task and political purpose of neo-conservatism would seem to be this: to convert the Republican party, and American conservatism in general, against their respective wills, into a new kind of conservative politics suitable to governing a modern democracy." -- Irving Kristol, 'The Neoconservative Persuasion,' Weekly Standard (Aug. 25, 2003)

The Project for a New American Century (PNAC) was an elite 'neoconservative' think-tank founded in 1997 by influential Zionists William Kristol and Robert Kagan.

**Note:** William Kristol's father, Irving Kristol, founded the neoconservative movement in the late 1960s. Robert Kagan's wife, Victoria Nuland, was responsible for the 2014 coup in Ukraine that overthrew the democratically-elected government of Viktor Yanukovych and ultimately led to war with Russia.

The majority of PNAC's membership was comprised of fanatical Jews with deep ties to the state of Israel, many of whom came to power just prior to 9/11 within the administration of George W. Bush. These include: Dov Zakheim, Paul Wolfowitz, Douglas Feith, Elliot Abrams, Richard Perle, David Frum, Robert Zoellick, David Wurmser and the convicted felon, Lewis 'Scooter' Libby.

The overarching philosophy of PNAC was based on the ideology of Jewish intellectual Leo Strauss. Like many of today's neoconservatives, Strauss was an ex-Trotskyite who promoted Machiavellian tactics and the use of lies as necessary political tools while a professor of political science at the University of Chicago. Significantly, he was also a dedicated Zionist and a follower of the terrorist Ze'ev Jabotinsky. On the surface these ideological alignments appear to be contradictory, unless some understanding of the overwhelming Jewish role in both Zionism and Communism can be apprehended. Both were pioneered by the same man, Moses Hess, and both are Jewish revolutionary movements whose sole aim is to do whatever is best for Jewish interests even if it means employing seemingly opposing methods. Far-right Zionism (Jewish nationalism) and far-left Communism (Jewish internationalism) are two sides of the same shekel working in tandem as a lethal pincer for global hegemony. Attempting to explain these amorphous tendencies, Jewish historian and political theorist Murray Rothbard once noted that neoconservatives "moved from cafeteria Trotskyites to apologists for the US warfare state without missing a beat."

In September 2000, PNAC published a 90-page document titled *Rebuilding America's Defenses:* Strategies, Forces, and Resources For a New Century. The document, which could've come straight from the pen of Oded Yinon, called for America to initiate a series of regime change wars in the Middle East and North Africa with an emphasis on Iraq, Syria, Libya, Iran and Lebanon. The authors of the report emphasized the importance for America to "fight and decisively win multiple, simultaneous major theater wars" but admit that "the process of change is likely to be a long one, absent some catastrophic and catalyzing event like a new Pearl Harbor." One year to the month of the document's publication

America got what George W. Bush referred to at the time as 'our Pearl Harbor.' What extraordinary prescience!

Billionaire leftist George Soros was a business partner of Trump's son-in-law Jared Kushner in a real estate venture called Cadre. Seemingly opposing ideologies like Liberal/Conservative or Capitalist/Communist have little meaning in the smoke and mirrors world of International Jewry.

**Note:** A forerunner of PNAC was Netanyahu's 'Study Group for A New Israeli Strategy Toward 2000' headed by Richard Perle and David Wurmser. Made up of many of the same people, the group produced a report for Benjamin Netanyahu in 1997 called *A Clean Break: A New Strategy for Securing the Realm* which expressed the need for removing Saddam Hussein and Bashar al-Assad from power in Iraq and Syria respectively.

#### Perle, Feith, Wolfowitz and Zakheim

"What happened on 9/11 is that we didn't have a strategy...we didn't have American understanding of it, and we had instead a policy coup in this country. Some hard-nosed people took over the direction of American policy and they never bothered to inform the rest of us." -- General Wesley K. Clark, fmr. Supreme Allied Commander of NATO, Commonwealth Club of California, San Francisco (Oct. 3, 2007)

Before we analyze what happened on 9/11, let's meet a few of the main players in PNAC who became prominent members of the George W. Bush administration just prior to 9/11.

**Richard Perle:** Richard Perle joined the Bush administration in spring of 2001. He was the real power in the Department of Defense behind front man Donald Rumsfeld and was the primary architect of the illegal Iraq invasion in 2003. Additionally, he was a member of the elite pro-Israel think-tank the Jewish Institute for National Security Affairs (JINSA) which works tirelessly to indoctrinate U.S. military leaders with the Israeli line on just about every issue.

In the 1970's Perle was investigated by the Justice Department after being caught sending classified information to Israel. Later, as chairman of the Pentagon's Defense Policy Board, he was forced to resign for profiteering via an Israeli weapons company that paid him substantial sums of money even as he vociferously advocated for the war against Iraq in his official capacity.

#### The Coverup

To coverup a crime the magnitude of 9/11, there are three crucial aspects that must be controlled.

- \* Control the initial interpretation and enduring legacy, how the event is explained to the public.
- \* Control the investigation and access to the evidence.
- \* Control the litigation in order to prevent legal discovery.

#### **Interpretation**

#### **Ehud Delivers the Narrative**

On the morning of 9/11, Ehud Barak, a former prime minister of Israel, commando in the elite Sayeret Matkal, and chief of the Israeli Defense Forces (IDF), was conveniently situated in the BBC studios in London ready to tell the entire world who was responsible for the day's attacks. At a time of extreme chaos when nobody was supposed to have any idea what was going on and the most sophisticated intelligence/surveillance apparatus the world has ever known was rendered inept an astonishing four times in one day, there was Israel's former prime minister telling the world he knew who did it -- "Osama bin Laden" -- and that he knew where he was hiding -- "Afghanistan." He then announced it was time for America to launch an "operational, concrete war against terror" in the Middle East, exactly as Israeli strategists had been planning for decades! This explanation of events, delivered from BBC studios mere moments after the attacks and long before the gathering of any evidence had begun, became the official narrative unquestioningly accepted by politicians and media alike. It has never changed.

Ehud Barak is connected at every level to the Zionist criminal network responsible for 9/11. As head of Israeli military intelligence (AMAN) in the 1980's, Barak armed and trained the virulently anti-western Islamic gang of Gulbuddin Hekmatyr, including CIA asset Osama bin Laden, to create the perfect bogeyman for the forthcoming 'War on Terror.' He was assisted in this operation by U.S. congressman Charlie Wilson and his top aide/handler, the Israeli Zvi Rafiah. The man Barak assigned to train bin Laden and Hekmatyr was the Hebrew speaking double agent and CIA asset, Ali Mohammad, who somehow disappeared without a trace from the US prison system while serving a life sentence for his role in organizing the bombings of two US embassies in Africa in 1998. To retail all of Barak's connections to the international criminal underworld would take a work of considerable volume far beyond the scope of this modest booklet. However, it's worth noting that Barak was a close associate and business partner of Jeffrey Epstein through his involvement in a company called Carbyne, on the board of which sat Michael Chertoff. As Gidi Weitz reported in the Israeli newspaper *Haaretz* (July 11, 2019):

#### Revealed: Jeffrey Epstein Entered Partnership Worth Millions With Ehud Barak in 2015

The American billionaire financier Jeffrey Epstein, a registered sex offender who was arrested this week on new sex-trafficking charges involving underage girls, partnered with former Prime Minister Ehud Barak to invest in the former prime minister's startup.

In 2015 Barak set up a limited partnership, in which he is the sole shareholder. That company invested in Reporty Homeland Security, established in 2014, becoming a major shareholder. Last year Reporty changed its name to Carbyne. The company develops call-handling and identification capabilities for emergency response services.

Barak is the chairman of Carbyne and according to reports by business media outlets, his personal investment in the company totals millions of dollars in it. Haaretz has learned that Epstein financed a considerable part of the investment, thus becoming a partner in the project.

**Note:** Barak's first cousin, David Brog, was long-time chief of staff to Pennsylvania senator Arlen Spector, who, as a young Jewish attorney for the Warren Commission, confected the ludicrous 'magic bullet' theory to explain away blatant anomalies in the assassination of President John F. Kennedy. Israeli fingerprints are all over the assassinations of both JFK and his brother Bobby. Michael Collins Piper's *Final Judgement* and Laurent Guyenot's *The Unspoken Kennedy Truth* are must-read books.

#### **Hauer Hour**

Not long after Ehud Barak informed the entire English-speaking world that America needed to launch an 'operational war on terror' against Osama bin Laden and his band of forty thieves in the Middle East, another dedicated Zionist agent began making the rounds on American T.V. On 9/11 Jerome Hauer was the managing director of Kroll Associates, the company in charge of security at the World Trade Center. He had previously served as director of Mayor Guliani's Office of Emergency Management (OEM) from 1996-2000 and spear-headed the construction of a pivotal \$13 million command bunker on the 23rd floor of WTC 7 from which all New York emergency communications frequencies could be monitored. Like so many others in this saga Hauer has deep Zionist roots. His mother once served as an honorary president for New York's Hadassah chapter of the Daughters of Zion.

Just minutes after the towers came down, Jerome Hauer appeared on CBS News with Dan Rather to deliver the official government story to the network's viewers. Hauer claimed the towers fell simply due to being hit by planes and the resulting fires, which, he said, weakened the structural integrity of the buildings causing them to collapse. He also warned that "debris has blocked access to Building 7 and they are worried about the structural stability." Never before had a steel-framed high-rise collapsed due to fire so for him to say 'they are worried about its structural stability' with regard to WTC 7 was ludicrous. What Hauer was actually doing was preparing the public for what he knew was coming later, at 5:20pm, when WTC 7 defied the laws of physics and came crashing down into its own footprint at free-fall speed despite not being hit by a plane and only suffering from relatively minor office fires. Nevertheless, Hauer's ludicrous fairy tale would go on to become official history and his claptrap about the Twin Towers' destruction would be adopted three years later by the seriously flawed 9/11 Commission Report, written in its entirety by fellow conspirator Philip Zelikow. Perhaps not coincidentally, it was Hauer's recommendation that landed former FBI anti-terrorism chief John O'Neil his job as head of security for Kroll Associates. O'Neil had complained bitterly that his investigations into al-Qaeda and Osama bin Laden were being sabotaged by people within the FBI itself. He died in the 9/11 attacks, his first day at his new job.

#### **Bush & Fleischer**

As all of this was going on, President George W. Bush was seated a thousand miles away in an elementary school classroom like a dunce being updated on the ongoing events by his Israeli spokesman, Ari Fleischer. (Remember what General Wesley Clark said about 9/11: 'We didn't have American understanding of it.') It's not possible to know what level of insight the buffoon Boy Bush had into the planning of 9/11. His father, who was meeting with David Rubinstein's elite Carlyle Group that morning, likely knew much more. Boy Bush was probably regarded as a liability to the operation due to his mental incompetence, which explains why he was maneuvered far out of the way while the Israeli/American dual national Ari Fleischer jumped into action.

It was Fleischer, you may recall, who held up a hand-written sign from the back of the classroom for Bush which read 'Don't say anything yet.' He then personally prepared Bush's address to the nation word-for-word while still at the Emma E. Brooker Elementary School. Incredible! Investigative journalist Christopher Bollyn wonders, "How did Fleischer know what the president should say when virtually nothing was known about who was behind the crime?" "Not only was Fleischer a dedicated Zionist, his older brother was the president of an Israeli-owned company, owned and controlled by Israeli air force veterans, one of whom was a business partner in a company with Ehud Barak." Ari Fleischer is a prime suspect in the 9/11 operation and, unsurprisingly, was a big proponent of the disastrous Iraq war. He's also a member of Chabad Lubavitch, the extreme Orthodox religious group headed for decades by the appalling gentile-hating racist Menachem Mendel Schneerson. [see Appendix III]

#### **Control of Investigation**

9/11 was the worst case of mass murder in the history of America, yet somehow it was never investigated as a crime and no one has ever been held accountable in a court of law. In lieu of standard legal procedures, the government instead declared the attacks an 'act of war,' made possible by the strike on the Pentagon, and America rushed off to invade pre-selected countries in the Middle East while the evidence from the biggest crime scene in U.S. history was hastily destroyed.

The thousands of tons of steel removed from the WTC site which would have proven whether or not explosives were used to demolish the towers, was cut up into small pieces, mixed with other scrap and shipped to China at a time when the price of steel was just \$125/ton, the lowest it had been in fifty years. In a January 2002 article for *Fire Engineering* magazine, editor Bill Manning denounced the destruction of critical evidence: "For more than three months, structural steel from the World Trade Center has been and continues to be cut up and sold for scrap. Crucial evidence that could answer many questions about high-rise building design practices and performance under fire conditions is on the slow boat to China...The destruction and removal of evidence must stop immediately."

The man who oversaw the destruction of this crucial evidence was Assistant Attorney General Michael Chertoff.

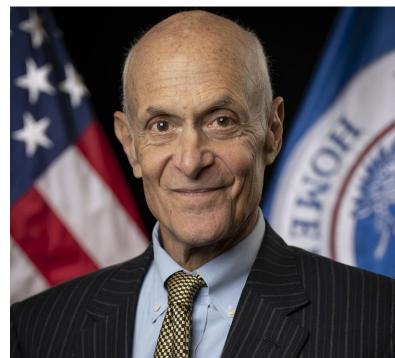

Chertoff is an Israeli citizen who co-authored the freedom-busting Patriot Act and was appointed head of Homeland Security in 2005. His mother, Livia Eisen, was one of the first agents of the Mossad and his father, a Talmud-teaching rabbi, taught at NYC's Jewish Theological Seminary -- a prominent yeshiva which links together some of the key players in 9/11 and other Zionist crimes, like the Bernie Madoff

ponzi scheme.

A 2005 article in *USA Today* provides some insight to the power Chertoff wielded in the immediate aftermath of the 9/11 attacks:

"In the minutes after the Sept. 11 terror attacks, while Attorney General John Ashcroft was rushing back from Milwaukee, Michael Chertoff was calling the shots.

Chertoff, then chief of the Justice Department's criminal division, breached the prickly territorial lines that have long divided the Justice Department from the FBI. From a fifth-floor office at FBI headquarters, above the streams of panicked people who flooded Pennsylvania Avenue, he set up shop in the bureau's crisis center. For the next 20 hours, he

Assistant Attorney General Michael Chertoff, Israeli citizen and son of a Mossad agent, Chertoff authored the freedom-busting Patriot Act.

directed the government's initial response to the most lethal terrorist attack in US history."

But it wasn't just the government's initial response to the attacks Chertoff directed; he was also an integral part of the cover up. As head of the Justice Department's Criminal Division, it was Michael Chertoff's job to collect evidence and prosecute the crime of 9/11. Instead of doing this, Chertoff aided in the cover up on behalf of the ethnic network responsible for the crime. It was Michael Chertoff who oversaw the confiscation and destruction of evidence while invoking the Sensitive Security Information (SSI) regulations to deny 9/11 families any access to it. This stonewalling continued for years after he became head of Homeland Security in 2005, the perfect position from which to direct the prolonged cover up. It's little wonder attorney John H. Clark, who worked to expose the truth about the death of Vince Foster in 1993, once said of Chertoff, "He's a dishonest bastard. He went along with the Foster cover-up."

#### **Ground Zero's Jewish Knight**

The man Michael Chertoff assigned control of the clean-up effort at Ground Zero to was Richard Sheirer, the director of Mayor Rudolph Guiliani's Office of Emergency Management from 2000 - 2002. Sheirer became known by the sobriquet 'Ground Zero's Jewish Knight' after being named an honorary Jewish Knight by the New York Board of Rabbis for his work at Ground Zero. Sheirer was given complete

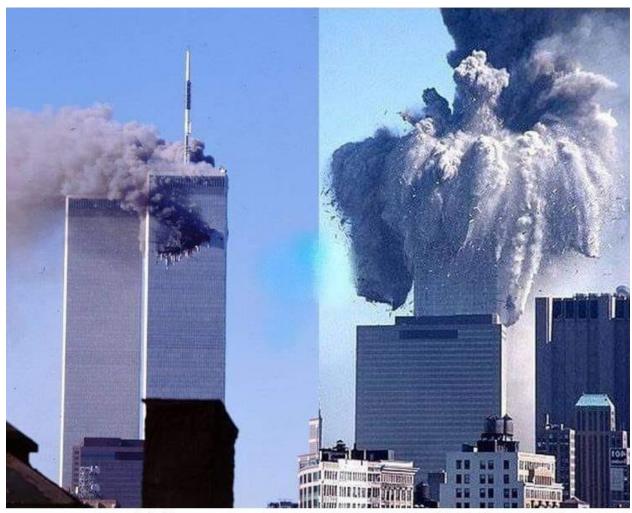

authority over the WTC cleanup effort. An October 15. 2001 article for *New York Magazine* titled 'The Man Behind the Mayor,' detailed Sheirer's primary role at the WTC site: "Since September 11, Sheirer has taken charge of the biggest clean-up effort in American history, coordinating 100 federal, state, and local agencies, including FEMA. He's become, in effect, the CEO of a company with thousands of workers and a budget that could run up to \$40 billion -- or, if you prefer, the mayor of the hot zone..."

Under Sheirer's watchful eye all of the steel was taken from the WTC crime scene and transported to two Jewish-owned scrapyards in New Jersey where it was cut into pieces sixty inches and less, mixed with other scrap metal and shipped to China before any inspections could be performed on it. The *New York Daily News* reported in April, 2002: "Some 185,101 tons of structural steel have been hauled away from Ground Zero. Most of the steel has been recycled as per the city's decision to swiftly send the wreckage to salvage yards in New Jersey. The city's hasty move has outraged many victims' families who believe the steel should have been examined more thoroughly. Last month, fire experts told Congress that about 80% of the steel was scrapped without being examined because investigators did not have the authority to preserve the wreckage."

Richard Sheirer and Michael Chertoff should both be prosecuted for their roles in destroying the critical evidence of 9/11 and running interference for the criminal network responsible for the crime. There is no other explanation for their actions at the Ground Zero cleanup site. Who were these two Zionist agents covering for? Osama bin Laden? Khalid Sheikh Mohammad? Not likely.

In spite of all the corruption, there were still a few honest investigators trying to get to the bottom of what really caused the destruction of the three colossal skyscrapers on the morning of 9/11. By now you might be able to guess what kind of treatment they were afforded. A February 2002 article in the *New York Times* titled 'A Search for Clues in the Towers' Collapse: Engineers Volunteer to Examine Steel Debris Taken to Scrapyards' describes the chaotic scene that unfolded as a handful of genuine engineers sought to salvage whatever they could of the wreckage for purposes of investigation: "From the moment the two towers collapsed on Sept. 11, engineers and other experts have been struggling to answer the monumental questions of exactly why and how the buildings, designed to sustain a jet impact, completely collapsed. But despite promises of a broad federal investigation, and after weeks of calls from victims' families and others to halt the destruction of the steel that could hold all sorts of clues, the half-heroic, half-comic scenes at the Jersey City scrapyard continue to play out.

"Small teams of engineers plot slightly mad dashes, like mountain goats, into mounds of steel to claim pieces of tower columns. The engineers time their forays to avoid being crushed...Through it all, the engineers profess optimism that they are catching and saving what is most useful. But they concede that there is no way of saying for sure; an unknown number of steel columns have been sent off to mills as far away as Asia without ever having been examined or saved."

How did this suddenly become this without the use of explosives?

When Benjamin Netanyahu's good friend Michael Bloomberg became mayor of New York City for an unprecedented three terms following 9/11, he famously tried minimizing this criminal destruction of evidence by saying, "Just looking at a piece of steel doesn't tell you anything." The arch gun-grabber Bloomberg played his part in the cover up by reportedly threatening NYPD and NYFD employees with prosecution and a loss of employment and pensions if they spoke out about what happened that day; i.e., explosions in the towers, molten iron in the rubble, etc. An August 27, 2011 *New York Magazine* article by Chris Smith summed up Bloomberg's sentiments towards 9/11 widows: "Though 9/11 made Michael Bloomberg mayor, he's sometimes seemed insensitive about its aftereffects on others—he once memorably said he wanted to tell widows they needed to "suck it up" and move on."

Bloomberg is another Zionist agent who covered for the criminals of the 9/11 atrocity. He is a staunch supporter of the USA Patriot Act (co-authored by Zionist pal Michael Chertoff) and constantly campaigns for the re-writing of the U.S. Constitution on the basis of 'fighting terrorism.' In an article for *Mintpressnews*.com, investigative journalist Whitney Webb details Bloomberg's connections to historic sex offenders Jeffrey Epstein and Harvey Weinstein:

Just two months before 9/11 Larry Silverstein shelled out a relatively measly \$14 Million to purchase a 99-year lease on the World Trade Center properties. Silverstein promptly double insured it against terrorist attacks. He already owned World Trade Center 7 outright, and in fact already had plans to replace WTC-7 back in April of 2000, a year and a half before 9/11.

Despite not being hit by any plane and sustaining minimal damage from falling debris, WTC-7 nonetheless fell at freefall speed in what can only be described as a controlled demolition. Silverstein subsequently argued he was entitled to double the insurance claim since there were 2 planes that hit the WTCs and thus should be considered 2 separate terror attacks.

His take for his initial \$14M investment? A \$4.55 Billion payout. What a windfall for this remarkably clairvoyant Jewish gangster.

A still-frame sequence showing WTC-7 falling neatly straight down at freefall speed into its own footprint causing little or no damage to the surrounding buildings, a nearly impossible feat for the minimal damage and minor fires to cause without it being a controlled demolition. Building 7, also known as the Salomon Smith Barney Bank Building, was also home to offices of the CIA and Department of Defense and to New York City's Office of Emergency Management.

Instead of a hall of justice, Judge Alvin K. Hellerstein's courtroom became a den of dishonor where relatives of the 9/11 victims were beaten down until they dropped their cases and were forced to settle out of court. It took him 10 years but he successfully prevented every case from proceeding to trial.

His first order of business was to dismiss one of the primary defendants from the case - Israeli security firm ICTS that was responsible for US airport security on 9/11 and thus would've had quite a bit of uncomfortable explaining to do.

#### Post 9/11

What followed was nearly 20 years of warfare for the U.S. against two nations that had nothing whatsoever to do with the events of 9/11. Afghanistan, because it was the home of the designated 9/11 boogeyman Osama bin Laden, and Iraq simply because that country was on the PNAC hit list of countries to topple. Who else was on that list and what has been their fate?

The following countries were targeted by the Zionists in the PNAC document for America to initiate regime change wars with:

Iraq, Syria, Libya, Iran and Lebanon.

In Lebanon the U.S. has been involved for decades as 'peacekeepers.'

Iraq, of course, was attacked and destroyed and Saddam Hussein killed after a dedicated Jewish-run media PR campaign of lies designed to ratchet up public support for such an aggressive, reprehensible action. This against a country that posed no danger to the U.S. and had been an important ally amongst the Arab nations in the Middle East. This was the second attempt at bringing down Iraq.

Libya was destroyed and Gaddafi killed at the behest of the Zionists. What danger did Gaddafi pose to Americans? None. Again, phony allegations were drummed up as a pretext for the murder of a foreign head of state, an act of terrorism and naked aggression which the U.S. routinely condemns other countries for.

The U.S. funded anti-Assad rebels in Syria did all they could to topple his regime in an attempt to take out another foreign head of state. They likely would've succeeded had it not been for Russian intervention.

So, are these all coincidences? Many of the authors and designers of the PNAC document became key figures in the George W. Bush administration. The countries they openly targeted in the document were then attacked and destroyed, and two heads of state killed by U.S. and NATO forces under George W. Bush and the Nobel Peace Prize winner Barack Obama. Coincidences?

Who else could've gotten these two clowns together other than those who had them installed?

The same policies continued under President Trump, who deep-sixed the JCPOA nuclear agreement with Iran at the insistence of three rich Jews -- Sheldon Adelson, Paul Singer and Bernard Marcus -- and then authorized the assassination of Iran's Major General Quasem Solemani. These moves did little to help American citizens or our troops stationed around the world but achieved critical Israeli objectives, so Trump dutifully complied. Three administrations, one plan, and given the fact that Biden's cabinet is comprised largely of the same group of people, we can expect more of the same.

It is beyond the scope of this book to examine all the glaring inconsistencies and ludicrous assertions that make up the 'official' story of 9/11. The fact that several of the alleged hijackers turned up alive and well and were proven to have been nowhere near the United States on 9/11; the fact that the most secure building in America, the heart of our country's defense establishment, the Pentagon was hit in the very sector in which investigations were being carried out into the missing \$2.3 trillion; that it was hit by a plane piloted by a laughably incompetent student pilot in a nearly impossible maneuver that even the most experienced pilots would not undertake; the fact that the hole in the Pentagon's side is impossibly

inconsistent with an airplane; and that of the dozens upon dozens of security cameras in and around the Pentagon and surrounding businesses, no videos have been released showing anything like a passenger plane approaching or hitting the Pentagon aside from a few indistinct frames from a single video not showing a plane, only an explosion. And that's just the Pentagon - the WTC and Shanksville stories are just as ludicrous. These and many more anomalies in the official story have been covered in depth in several outstanding books of real investigative journalism, so there is no need to cover them all here as that is not the intent of this book.

Why does the Israeli intelligence agency Mossad have so many connections to 9/11? Why do shadowy Zionists appear at every key stage of these ugly events? Why hasn't the media told us of these things? And why, at every juncture at which some critical piece of the 9/11 puzzle needs to be investigated, is there a Jew involved in a key position to further the act or cover the tracks of the perpetrators? Asking these basic questions is not anti-Semitism and Americans need to stop censoring themselves 'for fear of the Jews.' (John 7:13)

"Well, it's a trick, we always use it. When from Europe somebody is criticizing Israel, then we bring up the Holocaust. When in this country people are criticizing Israel, then they are anti-Semitic....it's very easy to blame people who criticize certain acts of the Israeli government as anti-Semitic, and to bring up the Holocaust, and the suffering of the Jewish people, and that is to justify everything we do to the Palestinians." - former Israeli Minister Shulamit Aloni (Democracy Now, Aug. 14, 2002)

So what do we do with all this information? Beyond the value of historical knowledge of the USS *Liberty* and September 11, we must glean some lessons and apply them to our current and future awareness, otherwise the tragic sacrifice, or more rightly – murder, will be for naught and we are doomed as a culture and as a free people. This is no overstatement. Already we can see the same hand behind much of what offends us and pains us as a people today.

Take what you've learned here and apply it. Be vigilant and above all be very suspicious of anything the media is telling you, for lying in furtherance of their agenda is their number one pursuit, in fact, it is their reason for being.

#### - Epilogue -

In writing this book I chose to focus primarily on two events: the 1967 attack on USS *Liberty* and the terror attacks of September 11, 2001. Due to both of these events having occurred in the not-too-distant past, the reader can be forgiven for perhaps thinking that Jewish control over Western affairs is a relatively new phenomenon; one which spontaneously sprang to life in the 20th century only after three millennia of Judaic suffering at the hands of Gentile barbarians. Few things could be further from the truth. In fact, disproportionate Jewish influence in the West goes back thousands of years and has been thoroughly documented by some of the world's most august figures dating back to the time of the ancient Greeks and Romans. (See also: Dalton, Thomas: *Eternal Strangers*, Castle Hill Publishers, 2020)

I'm well aware that some people will condemn this book as 'anti-Semitic.' I expect it almost as a matter of course and I won't lose any sleep over it when it happens. The term itself is a ridiculous misnomer used as a cudgel to beat over the head anyone who endeavors to expose any aspect of Jewish misbehavior. As the late Catholic intellectual Joseph Sobran once said, "An anti-Semite used to mean a man who hated Jews. Now it means a man who is hated by Jews!" Jewish leaders have appropriated this highly-charged term as a means for creating a special category of discrimination applying only to Jews. Even Jewish scholars who dare speak up in defense of the Palestinian people -- courageous men like Norman Finklestein, Gilad Atzmon, and the late Professor Israel Shahak -- have been smeared as anti-Semites by powerful Jewish organizations like the ADL and the SPLC. The whole anti-Semitism business becomes even more absurd when we consider that 'Semitic' merely refers to a series of Middle Eastern language groups including Arabic, Aramaic, Tigre, Tigrinya, Maltese and Hebrew, and consequently, has no meaning with regards to Ashkenazi Jews of Eastern European descent. Today, the Ashkenazi make up roughly 85% of the world's Jewish population but according to Jewish scholars Benjamin Freedman (Facts are Facts), Arthur Koestler (The Thirteenth Tribe) and Shlomo Sand (The Invention of the Jewish People), they have no historical connection whatsoever to the land of Palestine. This means the Palestinian people are the true Semites while the Khazarian Judaic interlopers in Israel who oppress them are the anti-Semites! Talk about inversion!

But semantics aside the fact of the matter is I personally harbor no animosity towards any ordinary Jewish person just because he happens to be Jewish. Like most Americans who came of age in the final decade of the 20th century, I grew up alongside Jews and Gentiles alike -- as well as some blacks, Hispanics and Asians -- and to this day I count multiple Jews as personal friends in long standing. But if Americans are ever to regain control of our destiny and right our wayward Ship of State we must be capable of making critical distinctions between *individuals* and *groups*.

Contrary to what the Jewish-owned mass media might say, most Americans don't hate any man solely on account of his race. A man can't help the way he is born so to hate somebody for something they have no

#### Seeing Ukraine in a Truer Light

On the face of it, and even more so in any in-depth study, the current war in Ukraine is almost entirely a Jewish driven conflict. Despite glowing media reports to the contrary, the fact of the matter is the Ukraine is one of the most corrupt nations in the world, a playground for the corrupt elite, most of whom are, you guessed it, Jewish. It is certainly no democracy as the democratically elected government of Viktor Yanukovych was overthrown in an Obama-orchestrated coup in 2014, which you all paid for by the way, to the tune of \$5 Billion.

The prime leaders of Obama's State Department who engineered the coup were all Jews -- Wendy Sherman, Victoria Nuland and Tony Blinken, who is now Joe Biden's Secretary of State. It was done at the behest of what are now charmingly referred to as 'Ukrainian Oligarchs,' who are in truth little more than a gaggle of Jewish gangsters. Chief among them is billionaire Israeli national, Ihor Kolomoisky, who has been under investigation for money laundering and ordering contract killings.

These are the type of people propping up another Jew, Ukrainian President Volodomyr Zelensky, who was recently in Washington D.C. begging Congress for even more money from the American taxpayer. Kolomoisky was instrumental in getting Zelensky elected. Zelensky's qualifications? He was a rather un-funny stand-up comedian whose claim to fame was playing *Hava Nagila* on the piano with his penis. So yeah, that's the guy practically the entire US Congress stood up and applauded for. (Expect more American media attacks and hit pieces on those who didn't stand and applaud for this creep.)

Creepy penis-piano-playing Jewish comedian and now President of Ukraine, Volodymyr Zelensky, took time out from posing for Vogue cover photoshoots to come beg the US Congress for even more money. What, \$90 Billion isn't enough? But the US media says he's a swell guy.

So who's behind the Biden administration's never-ending support for the war in Ukraine? You can start with the aforementioned Tony Blinken, the US Secretary of State. This guy has been instrumental in

promoting all of the recent wars that the US has fought or financed at the behest of Israel -- Iraq, the Ukraine coup of 2014, and now the war against Russia.

Currently the US has given \$50 Billion to Ukraine and Biden has pledged another \$37 Billion.

US politicians on the Left and the Right both shamelessly parrot the media's claims trumpeting this as a heroic fight for freedom and democracy.

- "We are going to stick with Ukraine, and all of the alliance is going to stick with Ukraine as long as it takes to in fact make sure that they are not defeated ... in Ukraine by Russia,"
- Democrat Joe Biden press conference at the NATO summit
- "We're spending money, but it's being spent at a good cause, the cause of freedom. So I'm all in, whatever they need as long as they need it."
- Republican South Carolina Senator Lindsey Graham

And what kind of freedom and democracy exists in the Ukraine that we are going into unrecoverable debt for?

Zelensky has shut down all media that his government does not control; he's arrested his political opposition; he has shut down the biggest church in Ukraine, and is now threatening to punish "any Christian worshipping in unapproved ways." So there's the 'democracy' we're sending billions upon billions to uphold. There are the 'freedoms' we're so valiantly defending with our military aid.

The anti-Christian aspect is very troubling, but hardly surprising, considering what the Jewish Talmud states regarding Christians and non-Jews in general. [See Appendix II]

"Christians are allied with Hell, and Christianity is worse than incest." (Avodah Zarah 17a)

"When the Messiah comes, he will destroy the Christians." (Sanhedrin 99a)

And so far what have we to show for all this military aid we've sent to the horribly corrupt Ukraine? Well, the Ukraine is still a hotbed of money-laundering and shady weapons-dealing and, surprise(!), it now turns out that much of the military weaponry we are supplying the Ukraine is turning up in places all over the world, like in the Lake Chad region of Africa, as reported by Nigerian President and former Major General Muhammadu Buhari. So, in addition to their money laundering schemes, it is now clear that the Ukraine is serving as a weapons laundering station as well. Meanwhile the Pentagon has issued warnings that this weapons outlay has left the US dangerously deficient on our own military capabilities.

We have just scratched the surface of this sordid tale, much more needs to be said of this and other issues facing the world today but to do so would take volumes. The intent here has been to give a clearer view of events that have shaped our world, views based on identifiable facts that the media and political establishment have not been forthcoming with, indeed, they have covered them up, censored them, and demonized those who would bring these facts to light.

The recent high profile media meltdown and subsequent firestorm over Kanye West's reasoned and highly accurate remarks is significant in that it follows a tired and well-worn pattern of an increasingly unhinged ADL expressing outrage at any criticism of Jewish power or malfeasance, followed by a

dedicated campaign of nasty retribution. It is little more than a protection racket and the fact that the immediate media outrage and corporate punishment meted out on Kanye blatantly proved his whole point beyond all doubt is somehow lost on a populace conditioned to trust the 'news' and scripted entertainment shows.

Do you really want this guy to be the arbiter of what you get to say and think about our world and the issues facing us all?

Jonathan Greenblatt, the National Director and CEO of the ADL (Anti-Defamation League) has been the front man doing damage control by crying anti-Semitism for each and every real or imagined criticism of Israel or Jewish misbehavior. Most recently Greenblatt made his media rounds after Kanye West quite rightly pointed out the overbearing influence of Jews in the entertainment industry and their penchant for retribution against any black celebrity going off the plantation. Greenblatt made it very clear that the ADL was specifically out to "get him" for his remarks. Greenblatt's actions and the subsequent loss of Kanye's endorsement deals worth a reported \$2 Billion proved that Kanye had spoken the truth.

So, as with the USS Liberty, 9/11, the BLM riots of 2020, the Covid and vaccine narrative, the election anomalies and fraud, the endless wars and many other issues current and past, the vast majority of people who rely on the media for their 'news' are getting it overwhelmingly from one source and one source only, regardless of what 'channel' they watch. Why do you think they call it 'programming?'

The faces may change but the controlling hand remains the same. Can you spot the common denominator?

\*Although it's never publicly admitted, multiple sources allege Murdoch has Jewish ancestry on his maternal line. He's also a devoted Zionist who's been honored by the Simon Wiesenthal Center, the Anti-Defamation League and the American Jewish Committee. In the Algemeiner Journal's annual list of the top 10 non-Jews that are positively influencing the Jewish future, Murdoch has consistently ranked near the top.

'online jihadi circles' and was "part of the hard core of a group of individuals who constantly look for targets for other people to attack." Sounds scary, just one problem...Australi Witness turned out to be a Jew named Joshua Ryne Goldberg! This is the smoke and mirrors world of International Zionism. It's very reminiscent of a movie called 'Wag the Dog' starring Robert De Niro and Dustin Hoffman.

#### Who Controls the Media? Who Controls Hollywood? Who Controls the US Government?

Well, you know what will happen if you or I were to be honest enough to state the obvious answer to these questions. But amongst themselves, Jews delight in their control of the media, of Hollywood, of Congress and the American people and have no problem saying the exact same things that they scream and attack anyone else for saying. So, in the spirit of open dialog we'll stay out of it for now and let several noted Jews have their say about the questions posed:

Joel Stein in his article Who Runs Hollywood? in the LA Times, (Dec 19, 2008):

"I have never been so upset by a poll in my life. Only 22% of Americans now believe "the movie and television industries are pretty much run by Jews," down from nearly 50% in 1964. Actually, it just shows how dumb America has gotten. **Jews totally run Hollywood.** As a proud Jew, I want America to know about our accomplishment. Yes, we control Hollywood. I don't care if Americans think we're running the news media, Hollywood, Wall Street or the government. I just care that we get to keep running them."

Manny Friedman, in his article Yes, Jews DO control the media in the Times of Israel, (July 1, 2012):

"We Jews are a funny breed. We're a driven group . . . . . We have, for example, AIPAC, which was essentially constructed just to drive agenda in Washington DC. And it succeeds admirably. But the funny part is when any anti-Semite or anti-Israel person starts to spout stuff like, "The Jews control the media!" and "The Jews control Washington!" Suddenly we're up in arms. We create huge campaigns to take these people down. We do what we can to put them out of work. We publish articles. We've created entire organizations that exist just to tell everyone that the Jews don't control nothin'. No, we don't control the media, we don't have any more sway in DC than anyone else. No, no, no, we swear: We're just like everybody else!

Let's be honest with ourselves, here, fellow Jews. **We do control the media.** We've got so many dudes up in the executive offices in all the big movie production companies it's almost obscene. Did you know that all eight major film studios are run by Jews? The time has come, though. We no longer have to change our names. We no longer have to blend in like chameleons. **We own a whole freaking country.**"

Israeli Prime Minister Benjamin Netanyahu, on video https://www.youtube.com/watch?v=JrtuBas3Ipw:

"I know what America is. America is something that can easily be moved. Moved to the right direction. They won't get in our way."

Former Israel Prime Minister Ariel Sharon speaking to former president and PM Shimon Peres, BBC (Oct. 3, 2001):

"Every time we do something you tell me America will do this and will do that ... I want to tell you something very clear: Don't worry about American pressure on Israel. **We, the Jewish people, control America, and the Americans know it.**"

#### Judeo-Christian Tradition?

"Let us not forget that Rabbinical Judaism is the declared and implacable enemy of Christianity." -- Nesta Webster, Secret Societies and Subversive Movements (1924)

If you wish to learn and understand why Jews can commit such terrible crimes like 9/11 and the attack on USS *Liberty*, a study of Jewish religious teachings is in order. A large number of the 9/11 perpetrators are Orthodox Jews or come from families with deep ancestral roots in religious Judaism. Even many secular members of International Jewry are influenced by the Orthodox faith, as noted by respected Jewish writer Ron Unz: "...it is important to keep in mind that until a few generations ago, almost all European Jews were deeply Orthodox...Highly distinctive cultural patterns and social attitudes can easily seep into a wider population, especially one that remains ignorant of the origin of those sentiments..."

The Talmud is the primary religious text of Orthodox Judaism and supersedes the Old Testament by a large margin in the rabbinic world. [1] It existed as an oral tradition all the way back to the time of Christ and was committed to writing over the first six centuries A.D. Jesus himself denounced the Pharisaic oral law that would comprise the Talmud multiple times throughout the Gospels. In fact, it is the Talmud, not the Old Testament, that religious Jews are oftentimes referring to when they speak of 'the Torah' -- aka the *Torah SheBa'al peh*. The Old Testament is known as the *Torah SheBich'tav* and takes a distant backseat to the importance placed on Talmud.

The Talmud (Teaching) is divided into two sections: the Mishnah (instruction) and Gemara (completion). In a 1952 article for *Look* magazine titled 'What is a Jew?', Rabbi Morris N. Kertzer explains the significance of the Talmud: "The Babylonian Talmud is the legal code which forms the basis of Jewish religious law, and it is the textbook used in the training of Rabbis."

Famous Jewish historian, Professor Heinrich Graetz, one of the first to write a comprehensive history of the Jewish people, stated in his 1893 opus *History of the Jews*, the Talmud is "the fundamental possession of the Jewish race, its life breath, its very soul...nature and mankind, powers and events...for the Jewish nation...the only true reality was the Talmud."

But one man's treasure is another man's trash, and the Talmud has caused many problems for Jews amongst the nations in which they've dwelt ever since its contents were made public to the Gentile world in the 13th century by a Jewish convert to Christianity named Nicholas Donin. Donin's translations of Talmud passages ignited a literal flame of indignation which led to pogroms and Talmud burnings throughout Europe lasting for centuries. Apparently, our non-Jewish ancestors didn't appreciate being considered sub-human and liable to be cheated, murdered and raped with impunity by Judaics. [2] Below are just a few passages which illustrate the sub-human status afforded non-Jews, women and even children within Talmudic Judaism:

"Even the best of the Gentiles should all be killed." (Soferim 15)

"If a gentile kills a Jew, the gentile is to be killed. But if a Jew kills a gentile, the Jew is to go free." (Sanhedrin 57a)

"A non-Jew is not considered a neighbor." (Sanhedrin 52b)

"All gentile children are animals." (Yebamoth 98a)

"Gentiles are not humans, they are beasts." (Baba Mezia 114b)

"Jesus is in hell, being boiled in hot excrement." (Gittin 57a)

"Mother Mary was a whore with carpenters." (Sanhedrin 106a)

"All gentile woman are 'Niddah, Shifchah, Goyyah and Zonah' (menstrual filth, slaves, heathens and prostitutes). (Sanhedrin 81b - 82a)

"Gentile girls are in a state of *nidda* (filth) from birth." (Abodah Zarah 36b)

"The birth of a girl is a sad occurrence." (Baba Batra 16b)

"If a grownup man has intercourse with a little girl, it is nothing, for having intercourse with a girl less than 3 years old is like putting a finger in the eye." (Ketubot 11b)

"Sexual intercourse is permitted with a dead relative regardless of whether he or she was single or married." (Yebamoth 55b)

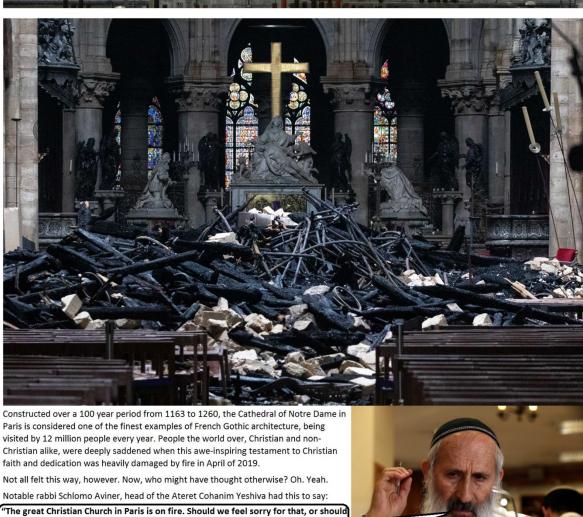

"If a man engages in homosexual intercourse with a minor who is under the age of nine, whether actively or passively, he is exempt as with regard to ritual law." (Sanhedrin 54b)

""A maiden aged three years and a day may be acquired in marriage by coition, and if her deceased husband's brother cohabits with her, she becomes his." (Sanhedrin 55b).

"If a Jew has coitus with a Gentile woman, whether she be a child of three or an adult, whether married or unmarried, and even if she is a minor aged only 9 years and one day -- because he had willful coitus with her, she must be killed, and as is the case with a beast because through her a Jew got into trouble." (The Talmudic Encyclopedia)

The sickening commentaries about Gentile men, women and children, as well as the Christian Lord and Savior and His Blessed Mother, found within the pages of the Talmud are a primary reason the Jews have been evicted from 109 countries in their checkered and ignoble past. Among the calumnies directed at Jesus Christ in the Talmud are that he was a black magician, an idolator and a pervert whose mother conceived him in an adulterous affair with a Roman soldier named Pandera. Unsurprisingly, the rabbis shout themselves hoarse trying to convince Gentiles there is no mention of Jesus in the Talmud and any suggestion to the contrary is....you guessed it... 'anti-Semitic hate speech!' It would be foolish to take history's master deceivers at their word, however. In an article titled 'What the Talmud Really Says About Jesus' (*Publisher's Weekly*, Jan. 31, 2007), Jewish author David Klinghoffer writes: "...the scandalous passages indeed refer not to some other figure of ancient times but to the famous Jesus of Nazareth. What exactly is so scandalous? How about Jesus punished in Hell for eternity by being made to sit in a cauldron of boiling excrement?....The Talmud's scattered portrait of Jesus unapologetically mocks Christian doctrines including the virgin birth and the resurrection."

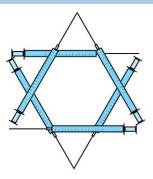

we rejoice, as it [the cathedral] is idolatry, which is a mitzvah to burn? Several immensely important rabbinic rulers, most prominent among them Maimonides, ruled that churches are places of idolatry and ought to be destroyed. The rulings are

The Talmud teaches that it is a divine deed (mitzvah) to burn Christian churches

very clear."

because Christians are "idolators."

In our terminally troubled 21st century epoch, only the most willfully obtuse consumers of mainstream media propaganda can fail to perceive the symptoms of cultural decay manifesting all around. Millions of Americans are feeling the proverbial screws getting tighter and life getting much harder but don't know exactly why this is. Unfortunately, too many of us are still hesitant to acknowledge that there exists certain groups of powerful individuals who conspire to bring about social/cultural change, yet this is exactly the case.

For the conspirators, it is imperative to continually condition the public mind with the version of events they wish to be believed. The 9/11 criminals have gone to great lengths to browbeat Americans with the official government fairy tale of 19 Arabs with boxcutters outwitting the world's most sophisticated surveillance system to bring down three steel-framed high-rise towers with two planes. Zionist ownership of America's media ensures this is the only story ever heard by the masses.

It is the duty of freedom-loving patriots to pursue the truth wherever it leads. We owe it to ourselves, our country, and to all the forgotten victims of state-sanctioned terror, particularly the three-hundred heroes aboard the USS Liberty on June 8, 1967 and the nearly three-thousand Americans killed on September 11, 2001.
